ISCon 2012

International Spine
and Spinal Injuries
Conference

October 12 - 14, 2012

New Delhi, India

SPINE

T R A U M A

Organizer: Indian Spinal Injuries Centre, New Delhi, India

CONFERENCE HIGHLIGHTS

- Best published paper award of 1000 Euros sponsored by Dr. Patrick Kluger
- Gold medal award for best paper presenter - Fellowship in a reputed Centre in Europe
- Gold medal award for the best poster presentation
- Provision of accommodation and waiver off registration for select delegates on first come first serve basis.
- Spinal Cord Society Oration
- Indian launch of eLearnSCL.org - International Spinal Cord Society's E-learning project
- Distinguished International and National Faculty
- Plenary sessions followed by Parallel Sessions on Surgical and Rehabilitation Management
- Pre-conference Workshops for Surgeons, Physiotherapists, Occupational Therapists, Assistive Technologists, Nurses, Psychologists, Social Worker & Peer Counselor
- 12th Annual Conference of Spinal Cord Society
- General body meeting of Spinal Cord Society (Indian Chapter)
- Under the aegis of Spine Society - Delhi Chapter

Message

Indian Spinal Injuries Centre is today recognized by the Government of India as the tertiary level Center for management of spinal injury. It is also gaining international recognition for the quality of its services. However we have been fortunate to have had the strong support of the National and International Community to overcome our share of hardships, hurdles and difficulties. We are now seeing the fruits of our efforts blossoming.

On behalf of Indian Spinal Injuries Centre and Spinal Cord Society, I invite you all to witness for yourself, the developments in the field of spinal injury management and to contribute to the success of the conference.

Major HPS Ahluwalia
Chairman - ISIC

Message

On behalf of Spinal Cord Society of India may I extend a warm welcome to all delegates for the 12th ISSICoN conference to be held on 12th to 14th October 2012 in New Delhi.

Today spine problems are increasing at a rapid pace in developing countries. Increased GDP in India is causing an enhancement of injuries; the road traffic injury deaths have increased by six times during the last half a decade. Besides with better socioeconomic conditions, pattern of spine injury is showing changes in relation to demography and epidemiology which in future may be similar to that of developed world.

This conference will focus primarily at spine injuries and various spine deformities managements. I am sure that interactions of both national and international professionals in this mega event will provide us a future road map in spine care programme.

(Dr. A. K. Mukherjee)
Director General, ISIC, New Delhi
& President - SCS

Message

Management of spinal ailments has been revolutionized in the last few decades. We can understand and hence manage these ailments much better. However the long list of unanswered questions and controversies suggests that a lot of work still needs to be done. Thus a lot of research is being done across the globe resulting in rapid advances in the management of spinal ailments.

There is a strong need to disseminate information about these recent advances. It is with this in mind that the "Spinal Cord Society" organizes "International Spine and Spinal Injuries Conference" (ISSICON) each year. Deliberations amongst eminent faculty members from around the globe and from around India provides an excellent forum for trying to achieve these objectives. The conference helps not only to sensitise the medical and paramedical professionals but also like policy makers and community on the need for setting up services for Spinal Cord Injured.

This year the conference is being organized in New Delhi by Indian Spinal Injuries Centre & Spinal Cord Society. We welcome you all to ISSICON 2012 and hope that we will be able to live upto your expectations.

With regards,

Dr. H.S. Chhabra,
Chief of Spine Service & Medical Director - ISIC
Secretary - Spinal Cord Society
Chairman - Education Committee (ISCOS)
Executive Member - Asian Spinal Cord Networking
Joint Secretary - Association of Spine Surgeons of India

INDIA

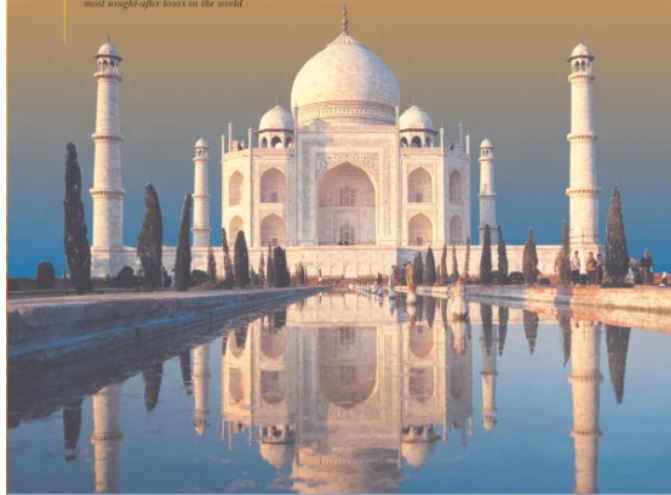

incredibly diverse

This is a country travellers fantasize about – exotic, oriental, ancient India. It is also the modern, booming, chaotic India. Between the two lies a wealth of delights – the charm of a golden civilization still seen after centuries, as you turn around the corner of a palace or fort; hear the sweetness of a flute in the misty northern hills and the deep rhythm of the sitar at a mesmerizing performance; drive past the captivating sound of temple bells amidst the noise of a daily ritual prayer; wander into

Taj Mahal

Standing majestically on the banks of River Yamuna, the Taj Mahal is synonymous to love and romance. It is believed that the name "Taj Mahal" was derived from the name of Shah Jahan's wife, Mumtaz Mahal and means "Crown Palace". The purity of the white marble, the exquisite ornamentation, precious gemstones used and its picturesque location, all make a visit to the Taj Mahal gain a place amongst the most sought-after tours in the world.

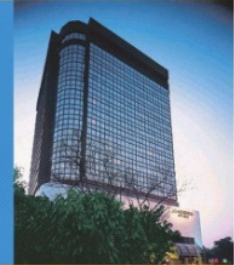

monuments adorned with precious stones – unguarded, yet splendid, as you lie deeply relaxed, mind drifting to music, being massaged by the strong yet gentle touch of Ayurveda healers. The wonder that is India never stops overwhelming the senses.

India has on offer the magnificence of a varied landscape that spreads from the mystical Himalayas to the warm serenity of the backwaters of Kerala; from the deep, mysterious Sunderbans to the brilliant colours swirling around the deserts of Rajasthan. Travel here takes you from bustling millennium cities to forgotten mud-hut villages and to rich monuments located where empires once existed.

A trip to India is what travel stories are made of. It's not just the places and the sightseeing that travellers relish, but also the festivals, the arts and crafts, the people, the cuisines, and of course, the shopping. And we haven't even spoken about the warmth, hospitality and friendliness yet.

Conference Venue Le MERIDIEN NEW DELHI

Le Meridien

Le Meridien is a global hotel group with a portfolio of more than 120 luxury and upscale hotels in over 50 countries worldwide. It is located at the heart of the city, close to the houses of power like Parliament House and Rashtrapati Bhavan, the business-cum-shopping hub of Connaught Place, New Delhi railway station, and is barely 35 minutes away from the airport.

Conveniently located in the heart of the city, Le Meridien, New Delhi towers over the historic landscape of Lutyen's Delhi. Designer interiors coupled with state-of-the-art technology ensure an experience par excellence. Approximately 20200 square feet of total conferencing area including two halls and six meeting rooms are available with some of the finest and most advanced technologies. The luxurious guestrooms offer grand views of this historic yet ultra-modern city and a serene atmosphere.

Delhi

Cultural Hub

Delhi is a palimpsest, bearing the complexities, contradictions, beauty and dynamism of a city where the past coexists with the present. Several dynasties have reigned from here. The city was built and destroyed seven times. It is rich in the architecture of its ancient monuments. Diverse cultural elements absorbed into the daily life of the city have enriched its character. Exploring the city can be a fascinating and rewarding experience.

Climate:
The average temperature of New Delhi during October ranges from 20 C to 25 C.

Akshardham Temple

Akshardham is a Hindu temple complex in Delhi, India. Also referred to as Delhi Akshardham or Swaminarayan Akshardham, the complex displays cretaries of traditional Indian and Hindu culture, spirituality, and architecture. The building was inspired and moderated by Pramukh Swami Maharaj, the spiritual head of the Bhojpurwasi Shri Akshar Purushottam Swaminarayan Sanstha, whose 1,000 volunteers helped 7,000 artisans create this magnificent monument of 93 sculpted pillars, 40 windows carved from both sides, and a feast of forms and filigees.

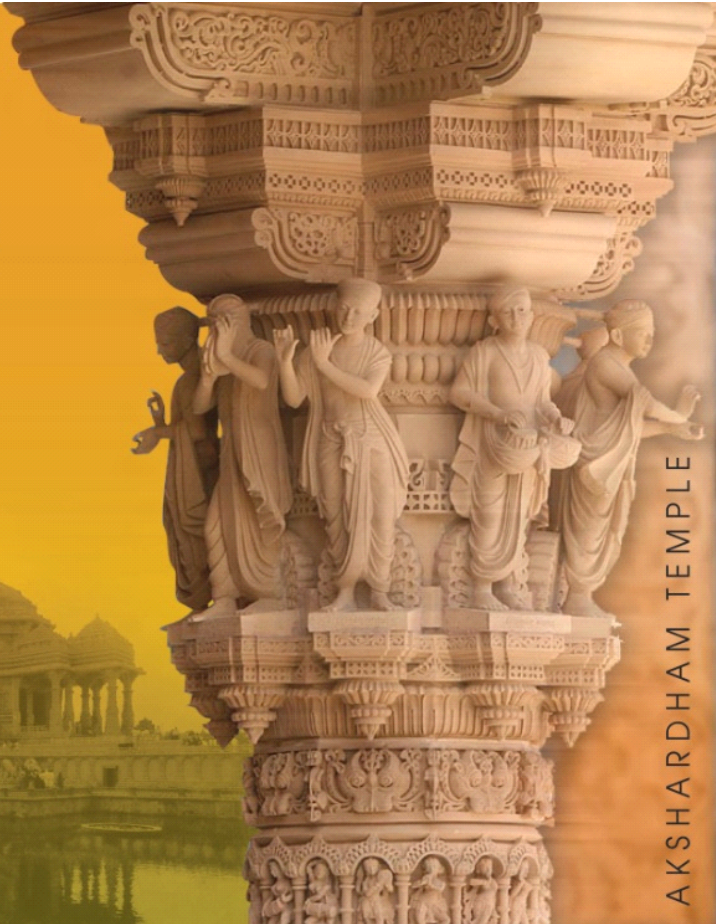

It is an architectural marvel of this Century. Awe-inspiring audaciousness and amazing craftsmanship. 6,500 tons of pink sandstone have been fused together with incredible accuracy... A must see!

Currency:
The national currency for India is the Indian Rupee (INR).
Exchange rate (as applicable)
For more details visit: www.ae.com

Electricity:
Electricity in India is 240 volts, alternating at 50 cycles per second. You will require a voltage converter if you are carrying a device that does not accept 240 volts at 50 hertz. To adjust your device according to the power and voltage in India, the following three types of voltage converters may be used:
Resistor-network converters
Transformers
Combination converters.

Passports and Visas:
Please visit the site mentioned below:
http://www.worldtravelguide.net/country/120/passport_e_visa/Indian-Subcontinent/India.htm

Time:
Standard time zone: UTC/GMT +5:30 hours. No daylight saving time in 2012.

AKSHARDHAM TEMPLE

Neemrana Fort

Built from 1464 AD, Neemrana Fort-Palace is located on a high hillock and commands magnificent views of the surrounding beauty. It is amongst India's oldest heritage resort hotels, as it was created in 1986. Its name derives from a valiant local chieftain named Nimola Meo. The Chauhan capital was shifted from Mandhan (near Alwar) to Neemrana when the fort was established by Raja Dup Raj in 1467.[1] Nowadays, the Neemrana fort is a heritage resort.

The property covers 25 acres/10 hectares and the stepped palaces of this architectural jewel cut into the hillside to sprawl over 3 acres/1.2 hectares and rises to 10 levels commanding the most splendid views, including a vista pool to the horizon. From 1986, the ruins of this Fort-Palace have been sensitively restored and reconstructed. Most rooms have private balconies or terraces and the loos are designed to have views!

The ultimate entertainment and leisure destination, sprawling across acres of land, ideally located at the apex of the golden triangle of Jaipur, Agra and Delhi, is the magnificent Kingdom of Dreams. Here, the carnival that is India is distilled into one iconic destination. This fabulous Kingdom brings to life a blend of India's art, culture, heritage, craft, cuisine and performing art, all with the technological wizardry of today. Navratri Mahal: showcasing an extravagant cinematic and theatrical musical. Culture Gully: an elaborate culture, arts, crafts and food boulevard. Showsha Theatre: a fabulous, colourful drama marquee spotlighting Indian mythology productions, a mock wedding show and the great Indian talent circus, Iifa Buzz: a glamorous Bollywood themed cafe. This is a destination in itself which is capturing the imagination of the world. Get ready for this century's most novel tourist destination: Kingdom of Dreams.

Provisional Programme

12th October, 2012

Pre Conference Workshops

Venue: Indian Spinal Injuries Centre

Spine surgery Workshop:

Trauma, AXIALIF and Spinal Osteotomies

Physiotherapy Workshop:

Physio Forward: Recent advances in Physiotherapy Management of Spinal Ailments

Occupational Therapy (OT) & Assistive Technology (AT) Workshop:

OT and AT Perspectives in SCI management

Nurses Workshop:

Nursing Management of SCI - Ideal vs emerging country scenario

Consumer and Psychosocial Workshop:

Life after SCI: Consumer Perspective

Spine Surgery Workshop -

Trauma, AXIALIF and Spinal Osteotomies

Timings	Topics
0900 hrs - 0915 hrs	Fixation to sacrum and ilium - Technique and indications
0915 hrs - 0930 hrs	Tips and Tricks of Thoracic Pedicle Screw insertion
0930 hrs - 0945 hrs	Cervical Spine Pedicle Screw Insertion- Indications and Technique
0945 hrs - 1000 hrs	Discussion
1000 hrs - 1130 hrs	Hands on workshop
1200 hrs - 1300 hrs	Round table discussion: Osteotomy Options in Spinal Deformities
1300 hrs - 1340 hrs	AXIALIF: Talk, Video & Hands on demonstration
1340 hrs - 1430 hrs	Lunch
1430 hrs - 1600 hrs	Live demonstration of VCR & AXIALIF *
1600 hrs - 1700 hrs	Hands on workshop-Osteotomy techniques
1700 hrs - 1900 hrs	Midas Rex Workshop

*Subject to availability of cases

Provisional Programme

Day 1

13th October, 2012

Main Conference, Venue: Le Meridien

Timings	Hall A	Hall B
0800 hrs - 0900 hrs	Breakfast Symposium Salvage techniques for pedicle screw blow out	Breakfast Symposium Challenges in rehabilitation of SCI in middle income vis a vis higher income countries
0900 hrs - 0912 hrs	Evolution of classification of cervical spine trauma	Spinal cord injury in geriatric population - An overview
0912 hrs - 0924 hrs	Management strategies for cervicodorsal flexion distraction injuries	Recent trends in management of neuropathic pain
0924 hrs - 0936 hrs	Management (Conservative Vs Surgical) of acute central cord syndrome	Issue specific to women with SCI
0936 hrs - 0948 hrs	Management of type 2 Odontoid fractures in geriatric population	Rehabilitation of persons with dual diagnosis: SCI with TBI
0948 hrs - 1000 hrs	Discussion	Discussion
1000 hrs - 1045 hrs	Panel Discussion Role of Decompression in incomplete spinal cord injuries	Symposium : Prevention of SCI in emerging countries Demographic characteristics of traumatic SCI: global and emerging country scenario : 10 min Prevention strategies : 10 min Role of Policy makers : 10 min Discussion : 15 min
	Break	
1045 hrs - 1115 hrs	Presidential Address - India's investment in health and spinal cord injury care	
1115 hrs - 1130 hrs	Spinal Cord Society Oration	
1130 hrs - 1200 hrs	Best Published Paper Presentation	
1200 hrs - 1225 hrs	Launch of elearnsci.org	
1225 hrs - 1245 hrs	Consumer Expert Interaction : Current scenario in emerging countries	
1245 hrs - 1315 hrs	Lunch	
1315 hrs - 1400 hrs	Management of complex sacral fractures	Quality of Life of person with SCI - emerging country scenario
1400 hrs - 1412 hrs	Pediatric spine fractures - management and overview	Importance of goal planning in SCI during hospitalization and follow up
1412 hrs - 1424 hrs		

Timings	Hall A	Hall B
1424 hrs – 1436 hrs	Polytrauma and spine surgery- Timing and management	Wheelchair sports: Community reintegration
1436 hrs – 1448 hrs	Role of kyphoplasty in acute traumatic fractures	Accessibility and transportation : emerging country scenario
1448 hrs – 1500 hrs	Discussion	Discussion
1500 hrs – 1530 hrs	Break	
1530 hrs – 1700 hrs	Free Papers	Free Papers
1700 hrs – 1800 hrs	General Body Meeting (Hall 2000) Spine & Wine Session Topics for case discussion : - Cervicodorsal flexion distraction injury - Post surgical spine infection - Traumatic cervical spine injuries in elderly - Two level disc pathology - Lenke type 5 AIS deformity - Degenerative scoliosis	
1830 hrs – 2000 hrs		
2000 hrs onwards	Inauguration and Dinner	

Day 2
14th October, 2012

Timings	Hall A	Hall B
0800 hrs – 0900 hrs	Breakfast Symposium Analyzing and planning for trauma management and deformity correction in Ankylosing spondylitis – Tips and tricks	Breakfast Symposium Recent advances in SCI including FES
0900 hrs – 0915 hrs	Surgical planning in AIS- Lenke type 1C	Conservative management of scoliosis
0915 hrs – 0930 hrs	Management strategies to detect and prevent neurological complications in Spine Surgery	Rehabilitation of SCI patients with Ankylosing spondylitis
0930 hrs – 0945 hrs	Role of pelvic incidence, SS and PT in predicting progression of spondylolisthesis	Management of PIVD : Conservative vs surgical approach
0945 hrs – 1000 hrs	Discussion	Discussion
1000 hrs – 1015 hrs	Management of post traumatic spinal kyphotic deformity	Role of botulinum toxin in management of neurogenic bladder

Timings	Hall A	Hall B
1015 hrs – 1030 hrs	Role of osteotomies (VCR & PSO) in management of kyphotic deformity	Rehabilitation of tetraplegic hand
1030 hrs – 1115 hrs	Panel Discussion Management of 50 degree well balanced double major curve in adult Surgical Vs Conservative Treatment	Panel Discussion Aftermath of Spinal trauma in middle income countries
1115 hrs – 1145 hrs	Break	
1145 hrs – 1230 hrs	Panel Discussion Current Scenario of role of anterior surgery in deformity correction	Panel Discussion Consumer perspective in SCI: emerging nation scenario
1230 hrs – 1400 hrs	SCS Gold Medal Award for Best Paper Presenter	SCS Gold Medal Award for Best Paper Presenter
1400 hrs – 1500 hrs	Lunch	
1500 hrs – 1530 hrs	SCS Gold Medal Award for Best Poster Presenter	SCS Gold Medal Award for Best Poster Presenter
1530 hrs – 1540 hrs	Valedictory	
1540 hrs – 1700 hrs	Free Paper Session	

Last date for receipt of article for Best Published Paper Award:

September 15, 2012

Topics for Oral Paper Presentation

Any topic pertaining to Spinal ailments

Closing Date for Receipt of Abstracts:

September 23, 2012

Notification of Acceptance or Rejection of the Abstract:

You will be informed of the acceptance or rejection of your abstract by September 30, 2012

If you have not received a reply by this date, you should contact the issicon@issiconline.org

Instructions for Authors

Instructions for Authors:

1. Author may send their abstract on any subject related to the spine.
2. Usually only one paper will be accepted from a presenting author, for platform presentation. On rare occasions more than one paper will be accepted, when preference will be given to authors unlikely to be able to attend many annual meetings. More than one paper may be accepted from an author for poster presentation.
3. You can submit the abstract by clicking on "Submit Abstract" link.
4. Please type your paper in English on Abstract Submission page, to ensure there is no confusion on the spelling of names, addresses, titles of abstract, medical terminology, etc.
5. The title should be brief and identify clearly the nature of the study. The complete title should be in CAPITALS. Tick the name of the author who will present the study, ONLY. Do not include titles or degrees. Specify name and location of institution where the work was done. Follow the example below:
SPONTANEOUS CERVICAL EPIDURAL HEMATOMA: REPORT OF A CASE MANAGED CONSERVATIVELY
Halim TA, Nigam V, Tandon V, Chhabra HS,
Department of Orthopedics Surgery, Indian Spinal Injuries Centre, Sector C, Vasant Kunj, New Delhi - 110 070, India.
6. The maximum limit for the abstract is 225 words.
7. Non-proprietary (generic) names should be used and should be written in small letters. Proprietary names may be added in brackets.
8. Funding support for the research or project should be clearly stated.

The body of the Abstract should be organized as follows:

- a. A sentence stating the purpose of the study.
- b. A brief description of the methods.
- c. A summary of the results obtained.
- d. A statement of the conclusions reached.

Special Notes:

The abstracts will be printed exactly as presented. Abstracts, which do not correspond to these instructions, will not be considered for presentation.

Abstracts will not be considered unless accompanied by the presenting author's Registration Form.

Abstracts will not be considered if previously published or presented at an international scientific meeting.

Abstract will not be considered if dealing with non related subjects.

Abstracts will not be considered if they do not give data. "Results will be discussed" is not acceptable.

Notes:

In case of problem in submitting the abstract please refer to the FAQ section on abstract submission portal.

How to Register

There are three easy ways to register for the meeting:

1. **On-Line:** Go to www.issicon.com complete the online registration form and submit it. This is the preferred method of registration.
2. **Fax:** Download the registration form and fax your completed registration form to +91-11-26898810.
3. **Mail:** Download the registration form and send your completed congress registration form to:
ISSICON 2012
Conference Secretariat
Indian Spinal Injuries Centre
Vasant Kunj, Sector- C,
New Delhi - 110070, India

Payment:

Payment may be made by:

1. Electronic Transfer (3% of total registration fee will be charged for electronic transfers)
2. Credit Card

Beneficiary Details for Electronic Transfer:

Account Number: 58 01014283
Bank: Corporation Bank
Account Number: 062400101014283
SWIFT code: COIRIN88373
IFSC code: COIR0000624

Proof of Payment by Electronic Transfer:

- Proof of payment must be supplied with the registration form.
- Please supply the date of transfer plus the delegate's last name and initial to identify payee. Receiving the completed registration form and proof
- Supply a copy of deposit slip.

Acknowledgment of Registration:

Registration will be acknowledged by email within 7 days of receiving the completed registration form and proof of payment.

Registration and Cancellation policy:

All cancellations of registration must be submitted in writing to the Meeting Secretariat and will be subject to the following refund policy:
1. 25% Cancellation fee if notification is received after 15th September 2012
2. No refunds will be made for cancellations made after 30th September 2012.

Accommodation

Other than the conference venue, several quality hotels conveniently situated in close proximity, offer a wide range of accommodation facilities. Shuttle buses and accessible transport will be available throughout the meeting.

A list of recommended hotels along with negotiated special congress rates for delegates is available on the website www.issicon.com

Accompanying Persons Programme

A number of exciting activities are available for accompanying persons during the course of the meeting. Please visit our website to find out more about these tours and experiences. (www.issicon.com)

Pre- and Post-Meeting Tours

Details on these and other options are available on our websites. (www.issicon.com)

About the Organizers

Spinal Cord Society - Indian Chapter

Spinal Cord Society - Indian Chapter was set up in 2000 with a view to help disseminate information about management of spinal injuries and network professionals working in this field in India. The Society has affiliation with ISCoS. It currently has 825 members. The Annual Scientific Meeting of the Society is called International Spine and Spinal Injuries Conference (ISSICON).

Indian Spinal Injuries Centre

Indian Spinal Injuries Centre has been set up under collaboration between the Governments of Italy and India. AISPO and Hospital San Raffaele were nominated by the Government of Italy to facilitate the commissioning of the project. A 153-bed hospital, it has beds reserved for poor patients, many of whom cannot afford to pay. With state-of-the-art diagnostic and surgical facilities and a highly qualified team of doctors, surgeons, physiotherapists, trained at the world's best institutions, ISIC has become a major referral centre. Its patients come not only from across India, but from all over the world.

Spine Society Delhi Chapter

Spine Society-Delhi Chapter brings together leading experts in the field of spine from all over Delhi and the neighbouring regions. From an afternoon meeting in a lecture hall in AIIMS back in 2000, it has now matured into a full fledged registered association with more than 100 active members.

The society has to its credit the organization of prestigious national and international spine events such as Scoliosis Research Society, Regional Meet 2008, ICS 2008 etc.

The aim of the society is to become an interactive platform for information exchange, research and collaborative work. The society also aims to promote and practice safe spine surgery through continuous education and training programs.
